

88-96 C4 Coilover Ride Height Spec

SA1, SA2, SA3, SA4, DA1, DA2, DA5, DA6:
Factory Ride Height to 1.5" Drop
Frame Height Approx: F: 5" / R: 5.25"

DA3, DA4:
2" drop, minimum ride height adjustable
race & advanced street/slammed look
**** Max 2.375" Total Shock Travel.**
Frame Height Approx: F: 4" / R: 4.25"
Not recommended for street applications.

BEFORE ORDERING:

Measure your frame to ground clearance, from just behind the front wheels and just in front of the rear wheels.

Front Ride Height: LH _____ RH _____

Rear Ride Height: LH _____ RH _____

Establish how much you want to lower your Corvette. If you decide to go **LOWER** than 1.5", you'll only have the option of double adjustable shocks, DA3 & DA4. If you must have single adjustable, it's a custom order and non-returnable.
**** Max 2.375" Total Shock Travel.**

After your purchase:

What if you end up too low, or not low enough. You'll need to order a new set of coilovers, we will not simply exchange your old units. If you want to return your old coilovers, there will be a restocking fee of 20% depending on condition of the returned equipment.
